

Greenville County Public Schools

Office of the Superintendent

Recently, Greenville County Public Schools has experienced a cyber-attack. Our team, law enforcement, and cyber experts are working together to identify the full scope and impact. When we learn more specific information we will notify the GCPS community.

While this scenario is not ideal, the one constant remains true, together we will succeed! As our cyber experts continue to work, we thank you for your patience and cooperation.

Kelvin M. Edwards, Sr., Ed.D.
Division Superintendent
